Mrs. Tillie Nelson,
C/ Hollywood State Bank,
Hollywood, California

Dear Madam,

In reference to the property at 3436 Descanso Dr. which I am purchasing from you please be advised that I agree to hold you harmless in the event of any slippage or settling of this property by reason of the fact that said property is hillside property.

This will also advise you that I have made a superficial examination of said property and its foundations by looking through the ventilator window at the rear, but that by reason of darkness as well as lack of personal knowledge in respect to such matters I was unable to see anything except certain visible concrete walls. I am by necessity therefore forced to rely almost entirely upon the statements and representations made to me by the Hollywood Termite Company and by Miss Johnson, the real estate agent, to the effect that in 1938 the SW corner settled at which time concrete "straight footing" was placed by this company under the house; that in Feb. 1941 further settling occurred and that shortly thereafter the company under direction of the owner and trust deed holder, placed under the house three reinforced concrete piles extending some four feet below the fill or settling, and about 20, 16 and 12 feet deep, according to grade, which piles were bound together. That in their opinion they thought it was fixed forever in good shape. This constitutes the only knowledge I possess on the subject.

Yours very truly,
Earle K. Stanton

Subscribed and Sworn to before me this 8th day of December, 1941.
